| <b>E-Mail</b>         | <input type="text"/> |                   |                      |
| <b>Order No.</b>      | <input type="text"/> | <b>Device No.</b> | <input type="text"/> |

I hereby authorize MIT Mess- und Prüftechnik GmbH to perform services for the above-mentioned density gauge SDG 200 or PQI 380 (as well as previous models) to the following extent:

- Maintenance** 149,00 €
- Repair** Costs according to effort

Please check the following in particular:

- Battery test** (detailed capacity test) 30,00 € per battery

**Calibration** of the following device type:

- SDG 200 300,00 €
- PQI 380 270,00 €

- I hereby authorize repairs\* up to an amount of 100.00 €.  
If further costs are incurred, please send me a cost estimate.

\*Use of materials and working time to ensure the functionality of the device and its calibration capability

All prices plus set-up time and any shipping costs.

Please clean your device before shipping. We reserve the right to charge a service fee in the event of heavy soiling.
